Project 1 - Chatbot
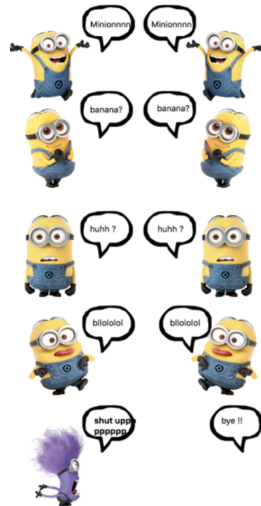

Inspiration

link: https://chatbotsmagazine.com/25-of-the-best-facebook-bots-to-chat-with-f159bca02dce

Phase 1 - Echo Bot

short description : an annoying bot that repeats everything you say until you say 'I am leaving'

Phase 2 - Zero IQ Bot (German & English)

Given a set of template question-answers. If someone asks a question, bot will respond with corresponding answer, if he types something else, it simply says "Sorry, I don't have an answer to this, try asking another question" A user at any point can switch between english and german when user types 'speak english'/ 'speak german'

Language	Question	Answer
English	Hello	Hello, I am Zero IQ Bot, what's your name?
English	My name is xxx	What a nice name xxx, What would you like to ask about?
English	Where do I need to register in germany?	You need to go to Bürgeramt
English	Bye	Goodbye, talk to you later
German	Hallo	Hallo. Mein name ist Null IQ Bot, Wie heißen Sie?
German	Ich heiße xxx	Hallo xxx, Was möchecten Sie?
German	wo kann man sich registrieren?	Sie mussen zum Bürgeramt gehen
German	Tschüss	Auf Wiedersehen

Phase 3 - Apportunity Bot
